Contact your local HPE Networking Instant On representative for promotional details.

Why choose HPE Networking Instant On Switch Series 1960 Multi-Gig Access Switch with PoE

1. High-speed connectivity:

Four 2.5G Base-T Ports: Seamlessly connect and power the latest generation of Wi-Fi 6/6E access points (AP25, AP22D, AP32) to maximize their bandwidth. Perfect for connecting powerful workstations that handle large CAD or design files, ensuring rapid data transfers to local or cloud servers.
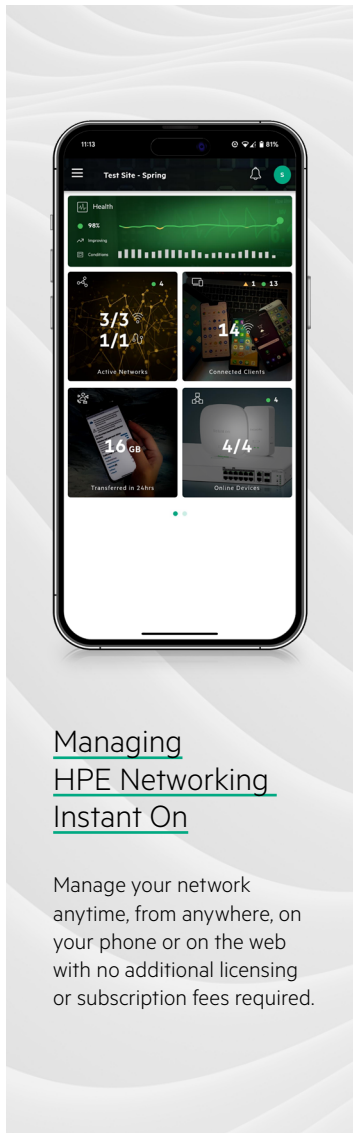

2. Robust Power over Ethernet (PoE):

480W total PoE power budget: With Class 4 and Class 6 PoE support, this switch can power a wide range of equipment, from access points to IP cameras, providing flexibility and reducing the need for additional power sources.

3. Hassle-free scalability:

Easy integration: Effortlessly add this switch to an existing Instant On 1960 Switch series stack, making network expansion smooth and straightforward.

Hewlett Packard
Enterprise
